GOVERNMENT'S PROPOSED VOIR DIRE QUESTIONS

The government requests that the following question be included among those questions that this Court poses to the jury panel.

1. In this case the government alleges that the defendant possessed a firearm and ammunition after having been convicted of a crime punishable by a term of imprisonment in excess of a year, what we commonly call a felony. Under the laws of the United States it is illegal for a person convicted of a felony to possess a firearm or ammunition that has crossed stated lines. Do any of you oppose laws or otherwise hold strong views regarding the regulation or restriction of the possession of firearms or restriction of the possession of firearms or ammunition, such that you may be unable to apply the law as I instruct you, or to be completely fair and impartial juror in this case?

Respectfully submitted,
